**Course:** *MGT 360*  
**Title:** *Management and Organizational Behavior (3 units)*

“As life is action and passion, it is required of a man that he should share the passion and action of his time, at the peril at being not to have lived.”  
---*Oliver Wendell Holmes, Jr. (1841-1935)*

I was most recently a research assistant for Dr. Tom Horan on the Orange County CEDS Project (studying the deployment of IT infrastructure, specifically broadband, within the underserved areas of the County). This project was funded by the US EDA. This project resulted in a large report to the federal government and the County Board of Supervisors.
